Avis aux importateurs
de
certains produits agricoles et industriels admissibles au bénéfice de suspensions et contingents
tarifaires autonomes

Afin d’assurer un approvisionnement suffisant et continu de certains produits agricoles et industriels qui ne sont pas disponibles ou dont la production est trop faible dans l’Union, les droits autonomes du tarif douanier commun sur ces produits ont été suspendus par les règlements (UE) 1387/2013 et 1388/2013 (JO L354 du 28.12.2013)\(^1\). Ces produits peuvent être importés dans l’Union européenne à des taux de droit de douane réduits ou nuls.

Lorsqu’une suspension tarifaire autonome entre en vigueur, elle reste valable cinq ans renouvelables (ou jusqu’à ce qu’une entreprise européenne s’oppose à sa reconduction). Dans le but de s’assurer de l’utilisation suffisante (au-delà des 15 000 euros de droits de douane économisés par an), la Commission européenne procède à un suivi statistique.

L’attention des importateurs est appelée sur la publication, à la fin de cet avis, du résultat de cette étude pour le cycle de janvier 2021:
- la liste « verte » reprend les suspensions tarifaires reconduites automatiquement compte tenu des montants de droits économisés par les entreprises (sauf en cas d’opposition économique).
- la liste « rouge » reprend les suspensions qui ne dépassent pas le seuil des 15 000 euros d’économie de droits de douane et nécessitent l’envoi d’une demande de prolongation\(^2\) à la Commission ; à défaut, ces mesures seront supprimées.

Les entreprises utilisatrices d’une mesure figurant sur liste rouge peuvent demander le maintien de cette mesure en adressant un formulaire de prolongation\(^2\), dûment rempli, au bureau de la politique tarifaire et commerciale de la DGDDI à l’adresse suivante : dg-comint3-suspensions@douane.finances.gouv.fr, avant le 10 avril 2020.

L’attention des importateurs est également appelée sur la publication d’un rectificatif\(^3\) (JO L53 du 25.02.2020) au règlement (UE) 2019/2197 portant ouverture des suspensions tarifaires autonomes au 1\(^er\) janvier 2020. La modification porte uniquement sur une amélioration de la mise en page du règlement initialement publié.

---

La mesure sera prolongée automatiquement (si elle ne fait l’objet d’aucune opposition).
La mesure n’est pas utilisée au delà des 15 000 euros de droits de douane économisés par an et sera supprimée si aucune demande de prolongation n’est formulée.
